

Hawthorne Rangers Newsletter

Welcome to the eighth Hawthorne Rangers Newsletter
February 2007

First Win

I'm happy to say Hawthorne recorded our first win of the season earlier this month in the cup against Aintree Celtic. It was a great game and we deserved to score a fantastic winner in the last 5 minutes. The draw for the next round takes place next week and if we play with the same determination we can get through again no matter who we draw (Crosby Stuart who are they??) Let's hope we can now start winning in the league!

Paintballing

It seems ages go since we went paintballing but I'm sure some of us have still got the bruises to prove it. I know everyone who attended really enjoyed it, apart from Irene who had to sit around in the car for hours reading a road atlas. We are hoping to do another activity at the end of the season and will keep you all posted.

Fundraising

Thanks to Danny Beacham's Dad for letting us know about a great way to raise some funds for the team just by buying your goods online. If anyone orders over the internet please have a look at the Easyfundraising website. This is a way of ordering any items and by doing so the retailer makes a donation to your chosen cause, in other words, us! If you nominate our club we raise cash to pay for equipment or club activities. This will not cost you a penny but you will need to register, which you can do either by clicking the link on the Hawthorne Rangers home page on our website - <http://www.hrfc.org.uk/> - or by going directly to <http://www.easyfundraising.org.uk/hawthornerangersjfc>. If anyone wants to register but is unsure how do it please ask and we can help.

Training

Training is going well and we are continuing at St Wilfrid's for the next 5 weeks. We will be looking to move outside by Easter, and will let you all know in the next newsletter.

Mobile Numbers

Just a reminder about your mobile numbers - if you have got a new mobile number, then please let us know so we can keep you informed as to any training or match cancellations.

Summer League

Hopefully, by the next newsletter, we will have details of the B, L & N Summer League planned for May. Watch out for it.

*Thanks for your support,
Irene Bernard, Secretary
