

Hawthorne Rangers Newsletter

Welcome to the last newsletter of the season

June 2008

End of season

Thank you for being part of the team for this season. We did hope for a better one this time but in all honesty it has been disappointing. The club brought in some new players but we didn't get off to a good start and this was made worse when a number of players then left the team.

At different times throughout the season we have had lots of different players of high quality on our books. Unfortunately, they haven't all played for us at the same time – meaning we couldn't improve as much as we could have done. We need the team to stick together and we're hoping for better next season.

Chesterfield Tournament

Once again we will be taking part in this. It is this Sunday, June 8th at Chesterfield High School, Chesterfield Road, Crosby, L23 9YB. **You will need to get there for 1pm so that we are ready on time for our first game.** We expect to be there all afternoon, until 4pm at the very earliest, as the games are much more spaced out this year. This will be our last year there as they don't go past the under 14s. It has been a good event for the last two years and hopefully we will have another good day so don't forget the suntan lotion.

Awards Presentation

As always this will occur at the end of our day at the Chesterfield Tournament on Sunday, where we will announce the winner of the Players' Player Award.

Training

There will be no more training sessions this season.

Next Season.

We will be running the team again for next year and I hope all the players will give us another chance and sign on with us again. We hope to bring in some new players to improve the squad but want everyone to stay and battle for their place. Hopefully we will have a new kit for next season and some better luck.

Registration forms for next year will be posted to your home address in the next couple of weeks. We will once again be holding an AGM and hopefully giving out the new kit at the same time. This will be some time in mid-July. We will give you the exact date in the re-registration letter.

IF YOU ARE NOT INTENDING TO SIGN FOR US NEXT SEASON YOU NEED TO TELL US AS SOON AS POSSIBLE. THIS WILL HELP US PLAN FOR THE FUTURE.

Mobile numbers

If anyone gets new mobiles over the summer please let us know your new phone number as soon as possible so we can make sure you get any important messages.

Have a good summer

As always, many thanks for your support throughout this year: cheering on on the sidelines, parents giving lifts to players, putting the nets up and taking them down or just making sure your son gets to training sessions and games on time. We can't do this without your backing – so thanks again.
