

# Hawthorne Rangers Newsletter

Welcome to the third Hawthorne Rangers Newsletter  
- **September 2006**

## **Tough start to the season**

We knew it would be a difficult start, what with having the bad luck to play Crosby Stuart, Seftonfields and Georges in the first few games. Jawbone is the next match on the 1<sup>st</sup> of October, and we've beaten these in a friendly so we should, hopefully, get our first win. We've been really impressed with how much spirit and hard work everyone has put into these tough matches, particularly the battle against Crosby Stuart... this will definitely start to pay off now that we've got the hardest games out the way. Come on Hawthorne!

## **Training (in the rain!)**

Training continues outside at Silcox on Thursdays. If it's raining, we will probably still train, unless it's torrential. If it's going to be cancelled we will call or text you. To keep improving as a team, everyone needs to turn up so we can train together – the rain isn't an excuse so bring a waterproof jacket. We're hoping to get some team jackets soon to help with this.

The reason why this is important is that we are hoping to hear shortly that we will be training outdoors on a floodlit Astro turf pitch at the new Moss Lane Litherland Sports Park. Plus, it is unlikely the league will ever cancel games due to rain unless Brookvale is waterlogged. Again, if this is the case we will phone or text you. If we get the booking it will start Thursday 19<sup>th</sup> October and 5pm to 6pm.

## **Discussion forum on the website**

Quite a few of you already use the forum to talk about the team and other stuff on the internet. But just in case some of you have forgotten how to login to the forum, here are the ways you can get your username and password back:

**Lost username:** Go to [www.hrhc.org.uk/forum/memberlist.php](http://www.hrhc.org.uk/forum/memberlist.php) and you should find it amongst the list on that page.

**Lost password:** Go to [www.hrhc.org.uk/forum/profile.php?mode=sendpassword](http://www.hrhc.org.uk/forum/profile.php?mode=sendpassword) and type in your username and e-mail address you registered with in the box. This will then send you an e-mail with a link to click on; this will reset your password and let you set a new one.

If all else fails and you are totally stuck, e-mail [eddie@hrhc.org.uk](mailto:eddie@hrhc.org.uk) and he'll sort it out.

*Thanks for your support,*
