

Hawthorne Rangers Newsletter

Welcome to the first newsletter of the new season

September 2008

New season, new players

As you know we had a difficult pre-season due to a combination of players letting us down, good players leaving us and terrible weather stopping us from arranging more training and friendlies.

Hopefully, as we welcome in new players to replace them, Darren, Matty and Charlie, get Adam and John back from injury, and with possibly one more signing to come, we will start to recover and get some points on the board. As usual, though, we've been unlucky with the fixture list, having to play tough opposition first, so you might need to bear with us for a while. We're only going to progress if we stick together.

... and new kit too

We think the kit looks pretty good on the players, but then again, we like the colour blue, even after yesterday's result...

If you have any problems with the kit, either because of sizing or damage please let us know. We may have spares.

We hope to get a team photo done for the website soon, and we'll sort that out when we know everyone is available for a game and can turn up, but this still mightn't be for another month or so.

Training

Training will be on Wednesday next week, 5:45pm to 7:00pm at Silcox. We hope to stick with Wednesdays in future as that's what day we will be training when we go indoors on Wednesday the 22nd of October.

Subs

Subs are £2 per week and will remain so for the time being. You can pay them either at training or on the match day. If you are struggling with the payments please let us know and we will do our best to help you out.

Website

Don't forget to keep checking the website as we always put any important news on there first. If we knew everyone checked the site we could save a small fortune in text messaging, but we will carry on using both ways to pass on the info.

The address, as always, is <http://www.hrhc.org.uk>

Match reports

While I'm here I'm going to continue writing up match reports for the website and putting pictures up from the game. You should be able to find them all linked to from the home page of the site. I usually get the report online within a few hours of the end of the match.

Also, don't forget to try out our new comments feature on the match report. Now you can tell us what you thought of the game at the end of the report. Give it a go.
